3. Budget for 2010-2011 School Year

- We are approximately 10 percent over budget forecast (approximately \$94,000)
- Federal money coming through the state might be used for:
 - Remedial tutoring for Gateway students
 - Library purchases as there is no budget for this
- Proposed focus for this year's Trust Lands revenue spending:
 - Literacy
 - Math
 - Writing
- The school's academic focus for this year is due to the school district by October in order to align funding with our academic goals
- We will obtain a report that shows how the school spent the budgeted monies last year.
- NOTE: September 29 is early release. Community Council members may be asked to attend meetings to serve on various committees. Sam Ray, Principal, will provide more information later.

4. Next Meeting: October 6
