## Student Permission to Release Academic Records (Optional)

Under the terms of the Federal Educational Rights and Privacy Act (FERPA), a student's education record is, with certain exceptions, held confidential by Utah Valley University. A student may grant permission for information to be provided to a third party (Parent or guardian), by signing this consent form. **Facilitators will not be able to discuss grades or attendance with parents unless this permission is signed AND "I Grant ..." is checked.**

- I GRANT permission to the High School Facilitator of the Live interactive classes, along with the High School Counselors and Administrators, to release any available academic records related to academic advising (e.g. grades, attendance, academic standing, etc.) that the Utah Valley University or the facilitator maintains to a parent or guardian.
