Roll: Kevin Garver, Marsha Judkins, Kalei Kim, Teresa Heaton, Jeff Schoonover, Lillian Shaw, Aaron Smith, Tehani McGrowder, Ashley Braswell

Reviewed and approved November 14, 2013 minutes

Marsha Judkins first approved, Teresa Heaton seconded, and vote was unanimous.

Reviewed CRT and ACT Data Sheet and begin planning SCC Goals for PHS

Items discussed

Double dose of math for students who struggle – research shows that students who have daily math instruction score higher on assessments than students on block schedule.

Math lab for students to do their homework and get help as needed – completing homework is a constant problem among students.

Set of iPads for students to use in math classes.

Getting smart goals from other departments

Input from students and mathematics teachers should be gathered and used before a final decision is made.

Jeff Schoonover is looking to see student engagement in all classes.

Need teacher training

Smart goals need to attend to the root of the problems in mathematics. Research among teachers and students is required to learn of the root of the problems.

Next meeting

Homework for the next meeting:

Find out if there are differences in having extra aides over the past two terms (Jeff Schoonover will gather data)

Mathematics teachers will discuss the smart goals presented by Ron Twitchell, rank by most important, and include other goals if needed. Teachers will also give reasons for their choice of smart goals (Jeff Schoonover).

Get student input regarding smart goals – use survey, discussion, etc.

Find out other core department needs.

Next meeting: March 13, 2013. (Last meeting: April 10, 2013)

Marsha Judkins recommended we adjourn and Teresa Heaton seconded. Voting was unanimous.
