3. Presentations

Lorien Francis-Science Clickers- There are currently 4 sets available and there is enough money left over for an additional traveling set which is on order. Mrs. Francis presented the implementation timeline. Teachers have been attending trainings and currently there are 1,000 students accessing the technology, it is improving student accountability.

Jonathon Rohwer (After School Student Support Center)—Supporting students by involving parents. Roundtables are being held up to 4 a week and after roundtables, students are passing 90 percent of their classes. He also schedules the UVU mediation and once a month provides community outreach. Other duties, Community Resource Coordination, home visits and EHS Testing Coordination as well as General afterschool tutoring.

4. Discussion on letter for request for trust-land funds proposal to teachers. Would like to get the letter out this week. Mr. Garver suggested a wording change to focus on vital areas. 1. Math, 2. Science, 3. Reading, 4. Technology. Dates need to be revised. AYP math scores were discussed and it was mentioned that by testing only Algebra and Geometry that only the lowest students are being tested.
5. Mrs. Francis asked that specifics on the Guidelines be sent to the teachers as well.
6. Kevin Garver had proposed that the council look at wikispaces <http://phscommunitycouncil.wikispaces.com> but since the minutes are currently on a google docs, he suggested that the council wait to consider a change.

Next meeting January 11th, 2012 @ 2:30 to hear teacher proposals for funding for the 2012-2013 school year.
