

**Provo High School Community Council  
Minutes of Meeting March 15, 2017**

Motion to approve minutes from Feb Meeting: Renae Second: Suzy vote unanimous.

Karen discussion:

- FMP will be able to take the load from Math Aide, thus reducing the need for the Math Dept.
- Karen hired an intern for the English Dept that will cut the budget need for the 1 FTE to \$30,000.

There was a discussion on how to involve more English Language Learners in SCC.

Discussion on testing center. Because of the need to have measurable goals for Trust Lands money spent, there is concern on whether money can be spent on the testing center. Suggested that Mr. Hansen can create a database to show baseline data and then show if there is improvement with more retesting.
