Provo High Community Council 20/21

17 February 2021
Meeting Minutes

Location: Zoom Due to Governor Executive Order 2020-75 Temporary State-wide Covid-19 Restrictions
Date: 17 February 2021; 4:00pm.

Attendees: Chanté, Sinda, Deana, Paul, Perry, Erin, Boyd, Jeff, Michelle, Mary, Lavdie, Joani

Boyd opened the meeting and began with a review of funding proposals and allocations. He then gave a Wellness Center update: Mary James will work with Paul Calderella & Jeff Gomm on this. The small conference room will be the location. Jeff talked about potential check in/out procedures. Boyd mentioned that our Interior Design students will give design ideas for the wellness room based on a $5,000 budget. Other questions to consider moving forward: Who will run it? Will we roll it out this year?

Boyd confirmed funding for proposals from other sources and gave confirmation of FTEs.

Erin May asked about potential funding for ACT prep course. Boyd discussed current model that also ensures those with economic hardship can participate.

Paul motioned a vote to approve the funding proposals; seconded by Sinda. Unanimous vote to approve funding.

Boyd proposed that we use netsmartz resources for this year's internet safety student training. Paul asked if the links can be shared to the parents also in order to reinforce the 20 minute training provided to students.

Boyd will discuss in SST meeting getting the training ready to go for March. Anyone can attend this meeting, if desired, on Friday, the 19th @10am in the Principals Conference Room.

The next SCC meeting (and final meeting of the year) will take place on March 17th, 2021. We will take SCC member votes in fall instead of spring.

Paul inquired about the academic subcommittee meeting results. Boyd led out to discuss the meeting with Highland High and realizing that the data was a little skewed because of a testing glitch the year prior, making the data an anomaly. As such, we actually are outperforming Highland, not the other way around. The downward trend, however, is still a concern.

Boyd confirmed that the next meeting will be March17th, then closed the meeting.

Agenda items

I. Welcome.

II. Funding Proposals & Updates

III. Wellness Center Update

IV. Internet Safety Training Discussion

V. General Questions and Discussion
