

PHS School Community Council Agenda
Wednesday April 27, 2022
4:00pm

* Review of minutes of previous meeting

Approved unanimously

* Discussion/Report from PHS Math Department Chair

1. Students' attitudes about math is a closed mindset. "I'm bad at it and always will be. A challenge to help them see progression

2. poor quality materials for making up credit (packet) after failing
Packets are much too easy. Some long term goals of fixing it are just starting with district support and via a CANVAS course.

3. Discussion about Credit Recovery vs. Credit Replacement

* Review of proposed 2022-2023 Plan

1. Proposed plan to submit to the State

Use measure of act score

Add an additional math and English teacher

Hire math help and English help

English language acquisitions

Aide

(\$235,00 for Salary and Benefits)

2. Social and Emotional Learning – wellness room

(\$30k for Wellness room staff and supplies)

Ideas to promote - Other schools have all students and faculty come in through a rotation to introduce Before school and after school access

Vote – approved 22-23 School Plan

Community Input on PHS Attendance Policy and proposed interventions

Time will help change the culture

Post covid challenges

Expectations will be printed in the student planner: attendance, dress code, etc.

And signage around the school to help promote wellness room and attendance expectations.
